LUKOIL is one of the world's leading vertically integrated oil & gas companies. Main activities of the Company are exploration and production of oil & gas, production of petroleum products and petrochemicals, and marketing of these outputs. LUKOIL Lubricants, part of the LUKOIL group, is focusing on the Lubricants Business, and is dedicated to develop its presence in Europe.

For our team in 1220 Vienna (Ölhafen Lobau),
we are looking for a:

(Junior) Lubricant Technologist (m/f)

Your tasks:

- Supporting the maintenance of product formulations of diverse lubricants
- Ensuring quality control of all lubricant products in the portfolio
- Evaluating new products and formulations and testing
- Collaborating in improving current products and their performance
- Cooperating with the external laboratory
- Supporting in analysing product claims

Your profile:

- Completed higher education - HTL/TGM, FH (in the field of e.g. applications engineering, mechanical engineering, chemistry, technical chemistry) or equivalent education
- Preferably relevant professional experience in a similar position in the lubricants business
- Knowledge on chemistry, tribology & lubrication technology
- Strong analytical mindset, ability to plan and set priorities according to business requirements
- Precise and structured working style, reliable, stress resistant, solution-orientated
- Team player with good communication skills
- Solid IT Skills: MS Office (especially Excel)
- Good English and German language skills (C1) – written and oral

Our offer:

- Working environment within an international company and a cooperative team
- Possibility for personal development within the company
- Market compliant salary starting from **€ 35.000 gross/year** - possibility for adjustment according to qualification and experience

If you can offer the requested education and experience and want to take on a fresh challenge, please contact us with your CV in **English** at jobs-lubricants@lukoil.com

Are you ready to move forward with us? LUKOIL - always moving forward
